Medana & Visca S.r.l.	MINI MOG	Annex 2/1 Rev. 1 to 29/12/2014
	Security policy	Page 1 di 1

Health and Safety in the workplace represent for the company a fundamental requirement for the development of production activities.

With a view to continuous improvement and evolution, MEDANA & VISCA S.r.l. is about to pursue the objectives of improving the safety and health of workers as an integral part of its business, implementing an Organization and Management Model of Safety at Work and adapting it to its organizational and production specificities.

To this end, MEDANA & VISCA S.r.l. starting from 01/01/2015 undertakes to:

- Promote business growth, without losing sight of the health and safety of workers;
- Define and plan safety objectives through formalized and controlled targets with defined periodicity through the planning of appropriate internal audits;
- Choose and use equipment, resources and raw materials in a rational manner, taking into account their potential risk to health and safety;
- Reduce residual risks to the health and safety of personnel through the development and implementation of appropriate training programmes, the adoption of work instructions and emergency management procedures;
- Constant management verification, through internal audits, critical analysis of the results achieved and review of the management system for the safety and health of workers;
- Eliminate accidents and occupational diseases by acting directly on possible sources of risk (equipment, chemical agents, behaviour, etc.) and ensuring timely and constant information to workers;
- Disclose information relating to accidents, injuries and near misses;
- Spread the culture of safety within the company through the involvement of all employees;
- Improve the efficiency and effectiveness of business processes, raising its position on the market.

The achievement of these objectives is implemented through compliance with the mandatory and voluntary regulatory requirements that the company has signed.

This policy will be the constant reference, in the context of periodic reviews, to evaluate the results achieved and to identify new ones, in line with the company's approach aimed at continuous improvement.

MEDANA & VISCA S.r.l. promotes the dissemination of integrated policy among its staff, suppliers and customers. This Policy is disseminated to all those who work for and on behalf of the Company.

Individuals shall endeavour to implement and disseminate this Policy.

We trust in the maximum commitment of all staff in the pursuit of company objectives and in the application of what is prescribed in the Manual and in the documents connected to it.
